NOTICES

Statutes approved

5 August 2022

The Registry has received notice from the Clerk of the Privy Council that Her Majesty the Queen, at a Council held on 19 July 2022, was pleased to approve the following changes to the University's Statutes.

- The amendments to Statutes B I 2 and B III 4 confirm that a decision of a body granted authority in the University's Ordinances to assess capability to study may deprive a person of membership of the University, and were approved by Grace 8 of 29 July 2020.
- The amendment to Statute C XI 2 removes a requirement to publish a Report to establish a Professorship, and was approved by Grace 3 of 8 December 2021.
- The amendments to Statute D II 2, 10, 11, 12 and 15 confirm that the falsification of awards by formerly registered students is within the jurisdiction of the student disciplinary panels and revise the terminology used in relation to student discipline, and were approved by Grace 1 of 30 May 2019 following a ballot.

Election to the Council

9 August 2022

The Vice-Chancellor gives notice that he has received the following nomination, in accordance with Statute A IV 2, for election to the Council in class (a) (Heads of College), and that it has been certified to him that the candidate has consented to be nominated:

Baroness (SALLY) MORGAN OF HUYTON, Master of Fitzwilliam College, nominated by Dr A. N. S. Freeling, President of Hughes Hall, and Professor P. J. Rogerson, Master of Gonville and Caius College.

No other candidates having been nominated, Baroness Morgan is duly elected to serve as a member of the Council in class (a) with immediate effect until 31 December 2024.

Unregulated fees for 2023–24

With reference to the Notice of 22 July 2019 (*Reporter*, 6557, 2018–19, p. 840), the approved unregulated fees for 2023–24 are now available online at: <https://www.afpa.admin.cam.ac.uk/fees/fee-schedules> [Raven required].

University salaries and stipends

The Universities and Colleges Employers Association (UCEA) has proposed a pay settlement from 1 August 2022. The settlement provides for a 3.0% increase to the stipends and salaries of non-clinical staff on all spine points, except spine points 15 to 31 where the increases will be as follows:

Point 15	9.00%	Point 24	5.00%
Point 16	8.50%	Point 25	4.80%
Point 17	8.00%	Point 26	4.50%
Point 18	7.50%	Point 27	4.00%
Point 19	7.20%	Point 28	3.80%
Point 20	6.80%	Point 29	3.40%
Point 21	6.20%	Point 30	3.20%
Point 22	5.80%	Point 31	3.10%
Point 23	5.50%	Point 32 and above	3.00%

It should be noted that the New Joint Negotiating Committee for Higher Education Staff (New JNCHES) trade unions remain in dispute over the offer. However, UCEA has confirmed that the formal dispute resolution procedure set out in the New JNCHES agreement has been exhausted and has therefore advised that implementation of the pay settlement should proceed.

The stipends and salaries of certain University staff require the approval of the Regent House. The Council is accordingly submitting a Grace (Grace 1, p. 710) to the Regent House for the approval of an increase of 3.0% to 9.0% (as specified above) in these stipends and salaries. An updated Cambridge general stipend and salary scale, showing the proposed new stipends and salaries for each grade, is included in this Notice. This indicates the 49 points of the national single spine as well as those points, above and below, which are extensions to the spine in Cambridge. Changes will also be applied to associated payments directly linked to a single spine stipend/salary point.

Subject to the approval of this Grace, the corresponding increases will be implemented in the stipends of those offices which do not require the approval of the University as well as in the salaries of analogous unestablished staff.

It is expected that, if the Grace is approved, the increases will be paid to staff in the September 2022 payroll.

NOTICES BY THE GENERAL BOARD**Directors and Assistant Directors of Studies in General Practice***25 July 2022*

The General Board, on the recommendation of the Faculty Board of Clinical Medicine, has amended the Regulations governing the appointment of Directors and Assistant Directors of Studies in General Practice in the Faculty of Clinical Medicine. The changes noted below have been made in order to bring the post of Director of Studies in General Practice into closer alignment with the arrangements already in place for the appointment of the Clinical Dean. The role of Director of Studies in General Practice has changed significantly over the last few years. This is due to a rise in clinical student numbers since 2017 (numbers are now at steady state), as well as to curricular changes. There has been an increase in the number of weeks of General Practice teaching within the clinical curriculum, and also in the range of material taught in General Practice. Due to the nature of the spiral curriculum, there are a range of specialties in which students are introduced to material first in the context of primary care, and subsequently in the context of longer placements in secondary care. These changes (in both student numbers and the curriculum) have meant that the role of Director of Studies in General Practice has evolved significantly and the School wishes to ensure that the role can be held as a full-time permanent appointment, subject to confirmation of probation, rather than as a rotating appointment.

General Board Regulations for Directors and Assistant Directors of Studies in General Practice (*Statutes and Ordinances*, p. 637): By replacing Regulations 1–3 with the following new Regulations 1–5 and renumbering existing Regulation 4 as 6:

1. There shall be a University office of Director of Studies in General Practice, and any such number of University offices of Assistant Director of Studies in General Practice as the General Board may from time to time determine on the recommendation of the Faculty Board of Clinical Medicine.
2. Appointment to the University office of Director of Studies in General Practice shall be made by a Selection Committee constituted under Special Ordinance C (x). Appointment shall be subject to the satisfactory completion of a three-year period of probation, unless the waiver of this requirement is recommended by the Selection Committee and approved by the Head of the School.

3. On confirmation of appointment, the Director of Studies in General Practice shall hold office, subject to the provisions of Statute C or any Special Ordinance made under it, until the retiring age, so long as the person appointed satisfactorily performs the duties of the office.

4. The Council of the School of Clinical Medicine shall have power to direct, either of its own motion or on the recommendation of the Faculty Board, comparable authority, or Selection Committee concerned, that appointment to the University office of Director of Studies in General Practice shall be for a fixed term, which may be shorter than the period specified in Regulation 3 above.

5. Appointments and reappointments to a University office of Assistant Director of Studies in General Practice shall be made by a Selection Committee constituted under Special Ordinance C (x), for periods not exceeding three years at a time.

REGULATIONS FOR EXAMINATIONS

Architecture Tripos

(*Statutes and Ordinances*, p. 280)

With effect from 1 October 2021

The General Board, on the recommendation of the Faculty Board of History of Art and Architecture, has approved amendments to the Architecture Tripos with effect from 1 October 2021. The changes aim to improve the student experience by replacing traditional examinations with coursework and formalising the reassessment process required for professional accreditation. They take on board comments from students and those who teach them. Although the regulations have been rewritten for clarity and brevity, the substance of the course remains the same.

Regulation 1.

By amending the second sentence to read ‘There shall be a separate class-list for each Part.’

Regulations 2(a) and (b) and 4(a).

By replacing ‘her or his’ with ‘the student’s’.

Regulations 6 and 9.

By deleting existing Regulations 6 and 9 and renumbering the remaining regulations.

Regulation 8.

By deleting the last sentence of existing Regulation 8 (renumbered 7).

Regulation 11 (renumbered 9) and new Regulations 10 and 11.

By amending existing Regulation 11 (renumbered 9) and inserting new Regulations 10 and 11, to read as follows:

[9.] The Faculty Board shall publish changes to the titles of papers, subjects, special periods and books prescribed under the following regulations for Parts IA, IB and II of the Tripos not later than the end of Easter Term next preceding the examination to which they apply; provided that the Board shall have the power of subsequently issuing amendments if it has due reason for doing so and if it is satisfied that no student’s preparation for the examination is adversely affected.

[10.] The Faculty Board shall publish the dates for submission of studio-work in all Parts not later than the beginning of the Full Michaelmas Term next preceding the examination. The Department shall issue detailed instructions concerning the studio-work not later than the division of the Michaelmas Term next preceding the examination.

[11.] In all Parts the teachers under whose direction the work was performed shall present to the Examiners detailed reports on the performance of each candidate in the coursework. The Faculty Board shall publish the form and conduct of the coursework for each paper by the not later than the beginning of the Full Michaelmas Term next preceding the examination.
